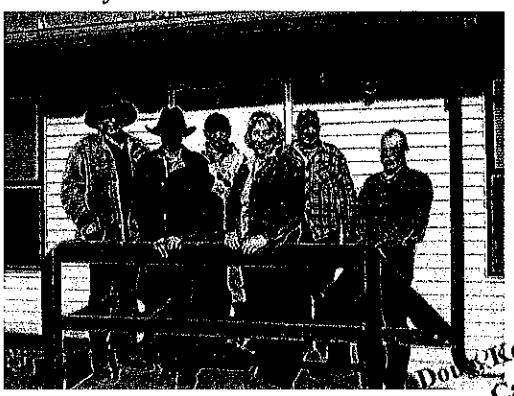
DISTRICT SUPERVISORS:

Introducing the Wood River Soil and Water Conservation District (WRSWCD) board members 2015. Making a difference in conservation throughout Lincoln County.



Doug, Kerry, Dan, Kay, Dan, Carl not pictu Dee Koonce

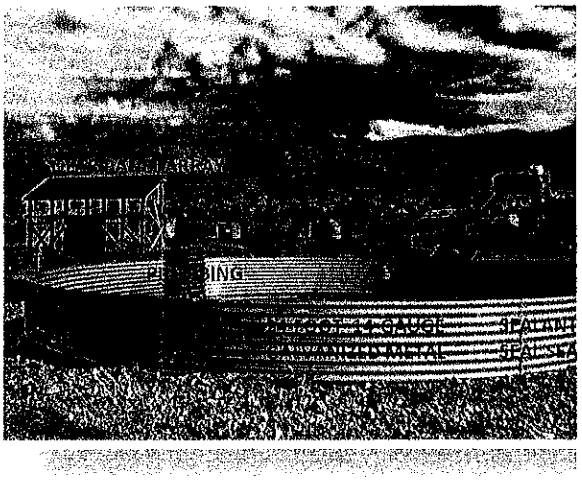
RECENT PROJECTS:

The WRSWCD District organized a "Trees Against the Wind Project" north of Shoshone on Highway 75. We worked with the owner Mark Kerner, City of Shoshone, Lincoln County, Chamber, Local High Schools and community members to prepare the site lay the mulch and plant the trees.

ARBOR DAY:

The District Kicked off Arbor Day prior to the tree planting May 1st.

WATER QUANTITY ISSUES:



In 2014, Lincoln County was designated as D3 (extreme drought) impacted counties and was eligible for the Farm Service Agency's *Emergency Conservation Program (ECP)*. Funding became available in FY-2015 to help ranchers alleviate water shortages for livestock by installing wells, pipelines and troughs. This year, Lincoln County was designated and there were 8 applications.

GREEN STRIPPING DEMO SITE:

The Wood River SWCD applied for a small grant to support 2 Demo- Green Stripping sites. The first site is a semi-rural pasture 1.6 acres, part of a small acreage we will call a (Ranchette site); the second site is a portion of 2.0 acres of pasture on a main road within a working ranch we will call (Ranch site). These two demonstration sites will be used for education on how to reduce the risk of wildfire for family, property, pets, and livestock.

Green strip planted November 2014
