

Central Bingham Soil Conservation District Fact Sheet

General Information: The Central Bingham Soil Conservation District was organized in 1955 to provide voluntary land and water conservation technical and financial assistance to landowners and users within the District boundaries. The District has traditionally carried out a vigorous information program including radio, newsletters, tours and presentations to civic groups.

Mission (or Function):

- Make technical, financial and educational resources available and coordinate them to meet the needs of the local land manager with conservation of soil, water and related natural resources.
- Promote programs, implement plans and educate the public on conservation issues.

FY 2014 Accomplishments:

- Held annual Tree Sale receiving \$33,276. The proceeds to be used throughout the year to fund outreach and educational events for school children in the county.
- Donated funds to Snake River FFA for bussing students to the 3-day Ag Days event held at Snake River High School.
- Donated trees for distribution to county 4th grade students on Arbor Day.
- Provided Environscape model to Cub Scout Troops for conservation education.

Future Plans and Projects:

- Promote water conservation by educating public on flood control and stream bank erosion.
- Increase hunting and fishing opportunities in Bingham County by improving wildlife habitat.

Central Bingham Tree Sale.
